Problem 1: Preliminaries

Please answer a few quick questions about yourself:

a. Name:

b. E-mail:

c. Are you a freshman, sophomore, junior, senior, masters, phd?

d. If you are an undergraduate, what is your concentration? If you are a graduate student, what is your field of study?

e. What is your math background?

f. Is there anything else you would like us to know?

Problem 2: Academic Honesty Policy

In this class, we want to encourage you to work together and read outside reference materials. However, to ensure academic honesty, you must do the following:

• List the names of every person with whom you worked on an assignment (or note that you did the assignment alone).

• Do your own write-up.

• Cite every work you looked at while doing your assignment - even if you ultimately did not find the information useful.

Do you understand the CS 151 academic policy (circle one): yes / no
