

PERKINITES!

THE GAME

Perkinetes! is an action RPG with characters based on freshmen who called Perkins Hall their home in 2010-2011. Get ready for some crazy and surreal adventures as you fight essays, drunk people, and other-dimensional demons in places such as Perkins Hall and the CIT as you attempt to save Brown from the ensuing darkness and try to fit in.

You can play this on your browser and do many leisurely things here, such as talking to fellow people, buying snacks, and dating fellow Perkinetes by wooing them with food!

Perkinetes! should be available to play on perkinet.es when it's up. Hopefully it'll be up soon if it's not. Sorry if it's not up.
