

CPAI/OR 2007

The Fourth International Conference on
Integration of AI and OR Techniques
in Constraint Programming for
Combinatorial Optimization Problems

May 23-26, 2007 - Brussels, Belgium

Master Class > May 23rd, 2007

PROGRAMME

- 8:50 Opening remarks
- 9:00 *Scheduling: at the crossroad of multi-disciplinary research*
Philippe Baptiste, Ecole Polytechnique, CNRS-LIX,
Palaiseau, France
- 10:00 *ILOG CP for scheduling a developer and user's perspective*
Philippe Laborie, ILOG, Gentilly, France
- 11:00 Coffee break
- 11:30 *Robust project scheduling*
Erik Demeulemeester, Katholieke Universiteit
Leuven, Belgium
- 12:30 Lunch break
- 14:00 Knowledge-based scheduling
Christopher Beck, University of Toronto, Canada
- 15:00 Ant colony optimization applications to scheduling problems
Thomas Stuetzle, Université Libre de Bruxelles,
Belgique
- 16:00 Coffee break
- 16:30 Distributed planning and scheduling
Stephen F. Smith, Carnegie Mellon University,
Pittsburgh, USA
- 17:30 Closing remarks
